## SUBJECT: 2021-22 Budget Adoption

## Summary:

The 2021-22 budget and multi-year projection has been prepared using the latest Governor's proposal for education. The Governor is scheduled to release the May Revision no later than May 14 and will do so without the full knowledge of the full impact of the COVID-19 pandemic on 2020 tax receipts. This is due to the fact that personal income tax filings, and related payments, were extended from April 15 to May 17.

The Laguna Joint Elementary School District budget has been prepared in anticipation of the approval of the annexation of Lincoln Union Elementary School District by the County Committee. The merger of the two school districts will allow both schools to continue to operate with their 2020-21 school/staffing models. Although the merger has made it possible for both schools to operate, the district will need to review sustainability options to continue to operate two separate schools due to an ongoing structural deficit.

The COVID-19 pandemic has had a profoundly disrupting impact world-wide. On a local level, both Laguna Joint and Lincoln Union where able to operate full in person schools through most of the 2020-21 school year. Through additional funds received as part of COVID-19 relief, both districts were able to bolster academic offerings and lessen the impact of the pandemic. Although the immediate impact of the pandemic seems to be lessening the long-term effects of the pandemic are yet to be seen.

## Significant Changes Since Second Interim:

Based on the projected combined budgets for 2021-22 at second interim:
$>$ Added additional COVID-19 Relief Funds $\mathbf{+} \$ 13,134$ which carried over from 202021 to 2021-22
$>$ Added COVID-19 Relief tutor to 2021-22 +10,020 to salaries and benefits.

## Revenue:

$>$ LCFF Revenue: Combined LCFF revenue of $\$ 444,012$ and remains flat in all years due to the necessary small school held harmless amount.
> Federal Revenue: Revenues remain flat across all years for federal revenue sources.
> State Revenue: Revenues remain flat across all years for state revenue sources.
> Local Revenue: Special education revenue flat in out years.

## Expenses:

$>$ Certificated Salaries: Based on projected salary schedules. Two Principal teacher salaries increase by $2 \%$ step and column in all years. One certificated music PEA salary projected flat at both schools across all years. One STEM PEA at Lincoln projected until FY2022-23 due to expending the Lincoln parent fund balance.
> Classified Salaries: Bilingual Aide and Instructional Aide increased by 5\% step increases in all years. Three classified PEA's salaries projected flat across all years. Laguna tutor funded with COVID-19 relief funds in 2021-22 and 2022-23.
> Benefits: Includes statutory increases for STRS/PERS and 5\% increase to health and welfare in all years.
> Supplies: Removed several one-time expenditures from 2020-21 associated with the COVID-19 relief and returned the budget to a historic based budget plus 3\% CPI in each year.
$>$ Services: Budget based off historic average plus 3\% CPI in each year.
$>$ Other Outgo: Increased special education excess costs by $5 \%$ in each year.

## Reserves

The ongoing reductions to the District's primary revenue source have meant the District has been deficit spending for eleven consecutive years (since 2011-12) and plans to deficit spend again in 2021-22 and for the two subsequent years. Due to the merger with Lincoln Union Elementary School, the combined beginning fund balance increased to $\$ 606,061$. Under the current projections and without sustainability efforts the new districts reserves will be fully expended by 2025-26.

## Recommendation:

While the budget is being prepared amid a great deal of uncertainty about our economy and school operations and is likely to be subject to a mid-year revision as early as August of this year, we recommend approval of the 2021-22 Laguna Joint District Budget as presented.

## 2021-22 Budget Adoption Budget Adoption Reserves

LAGUNA JOINT ELEMENTARY SCHOOL DISTRICT

## Substantiation of need for reserves greater than the state required minimum reserve for economic uncertainty

The governing board of a school district that proposes to adopt a budget that includes a combined assigned and unassigned ending fund balance in excess of the minimum recommended reserve for economic uncertainties, shall, at the Budget Adoption public hearing, provide:

The minimum recommended reserve for economic uncertainties;
The combined assigned and unassigned ending fund balances that are in excess of the minimum recommended reserve for economic uncertainties for each fiscal year identified in the budget; and
A statement of reasons to substantiate the need for reserves that are higher than the minimum recommended reserve.

Assigned \& Unassigned balances above the minimum reserve requirement

## \$ 534,061

## Statement of Reasons

The District's Fund Balance includes assigned, unassigned and unappropriated components, that in total are greater than the Minimum Recommended Reserve for Economic Uncertainties because:

The district holds higher than the minimum required reserve to ensure sufficient cash balances for operational purposes without having to resort to the expense of external borrowing.

The district's ending fund balance is being used to fund ongoing operations in the face of increased operational costs without a commensurate increase in revenues.
